

THE PHOENIX EXPERIENCE

Join me, Bianca Aristía, for the ****PHOENIX EXPERIENCE****, a live interactive concert designed to awaken your inner fire and guide you through a powerful journey of transformation, rebirth, and empowerment. We will begin with a sacred cacao ceremony, using cacao sourced from the lands of Guatemala to open our hearts, connect with the energy of the Phoenix, and prepare ourselves to fully receive this profound experience.

The evening will unfold with a concert featuring my original uplifting, spiritual R&B songs. Together, we'll move through an emotional spiral, healing and releasing what no longer serves us, until we rise into love, joy and deep peace. This experience will enhance self-awareness and empowerment, helping you tap into your inner strength and fully express your authentic self. It will also uplift your energy, leaving you rejuvenated, inspired, and aligned with your higher self.

The experience will take you through a transformation guided by the power of live music and my voice—culminating in the release of my new single, ****PHOENIX****.

This concert will be more than just a performance—it's a full-body, soul-deep activation. Through embodiment practices and voice opening, you will shed old energies, cut cords, and step fully into your power. Like the Phoenix, you will be reborn, trusting in the cycles of life and embracing the glorious future that awaits you.

Expect to leave feeling empowered, aligned, and ready to rise from any challenge life brings your way.

Join me for this unique transformative journey and step into your true power!
